The East Region Virtual Care Clinic (ERVCC) is a **Nurse Practitioner-led virtual care clinic** that serves patients throughout the **Ontario Health East** region who are experiencing an **urgent medical condition** and need **access to timely care**. Accessing care through the ERVCC **Does not affect your status with your family Primary Care Provider**.

The ERVCC serves patients who require timely medical care, such as:

- New or persistent cough, fever, rash or other similar symptoms
- Imminent concerns that are not life or limb threatening

The clinic serves patients with or without a primary care provider.
